Types of Federal Financial Aid

Grants

Federal Pell Grant

The Pell Grant is gift assistance which does not have to be repaid. Pell is awarded to students who have a financial need as determined by the U.S. Department of Education standards. Annually, the U.S. Department of Education determines student eligibility for this grant. For the 2021-22 award year, the minimum grant is \$672 and the maximum grant is \$6,495.

Federal Supplemental Education Opportunity Grant (FSEOG)

The FSEOG is gift assistance which does not have to be repaid. FSEOG is awarded to students who have an exceptional financial need as determined by the U.S. Department of Education standards. Student with the lowest “Expected Family Contribution” (EFC) are awarded FSEOG before students with higher EFCs. The average award amount varies from school to school.

Federal Work-Study

The Federal Work-Study Program offers students the opportunity to meet part of their expenses by working part-time on or off campus for at least minimum wage. A limited number of assignments are available, and priority is given to students with the greatest financial need who are qualified for the job assignments available. Please see your Financial Aid Office for available assignments and additional information regarding the Federal Work-Study Program.

Loans

Subsidized Federal Stafford Loan

The Subsidized Federal Stafford Loan program provides low interest loans through the U.S. Department of Education’s Direct Loan Program. The maximum annual loan amount for the first academic year is \$3,500, less origination and other fees (if applicable). The federal government pays the interest for you during in-school, in-grace, and deferment periods. Interest does not accrue until the student enters repayment six months after leaving school. The minimum repayment amount is \$50 per month; however, Subsidized Federal Stafford Loans provide many flexible repayment plans as outlined in the loan counseling materials. Payments are based on the repayment plan selected by the student. For loans first disbursed on or after 7/1/2021, the interest rate is fixed at a rate as low as 3.73%. Borrowers with other outstanding loans may be eligible to consolidate eligible loans into one consolidated payment. Please refer to your Loan Entrance Counseling package for additional information.

Unsubsidized Federal Stafford Loan

If you do not qualify for a full or partial Subsidized Stafford Loan based on your financial need, you may qualify for an Unsubsidized Stafford Loan. The federal government does not pay the interest on unsubsidized loans while you are in school or have loans in a deferred status. Student loan borrowers are eligible for all interest that accrues on the loan while enrolled, during your grace period, and any deferment periods. You may elect to make interest payments while in school to avoid the capitalization of interest and lower the overall repayment debt. Loan repayment begins six months after leaving school. Independent students can borrow up to \$9,500 (Subsidized and Unsubsidized combined) for the first academic year. Dependent students can borrow up to \$5,500 (Subsidized and Unsubsidized combined) for the first academic year. For loans first disbursed on or after 7/1/2021, the interest rate is fixed at 3.73%. Please review your Loan Entrance Interview package for additional information regarding your loans.

Parent PLUS Federal Loan

The Federal PLUS loan is available to parents who wish to apply for additional assistance for their dependent child's education. The PLUS loans are made through banks, savings and loans, and other lending institutions. The amount of the PLUS loan cannot exceed the student's cost of attendance less other student aid awarded. The interest rate varies and is adjusted each year, not to exceed 9% and begins to accumulate on the date of the first disbursement. PLUS loans through the Federal Family Education Loan Program first disbursed on or after 7/1/2021 will have a fixed interest rate of 5.28%. The first payment will be due within 60 days after the final loan disbursement. Payments will include both principal and the interest that accumulates.

Applying for Federal Student Financial Aid

Each student interested in receiving financial assistance must submit the "Free Application for Federal Student Aid" (FAFSA) or provide a copy of the Student Aid Report (SAR) if the FAFSA was previously completed within the award year.

The Financial Aid Office will utilize the results of the FAFSA to estimate and determine the student's financial aid eligibility. A student may be chosen to participate in a verification process of the information submitted on the FAFSA by the U.S. Department of Education. A student may be selected by the U.S. Department of Education's Central Processing System (CPS) following procedures established by federal regulation. If, during the application process, the file is selected for "verification" by the U.S. Department of Education, the student and their family must submit all documents required to validate the information listed on the FAFSA application.

Students should refer to www.studentaid.ed.gov website, which is sponsored by the U.S. Department of Education, for more detailed information.

Federal Aid

Federal Aid is distributed to students who complete the Free Application for Federal Student Aid (FAFSA) and meet the eligibility criteria as further described within the application instructions. Students should visit www.FAFSA.ed.gov or the Financial Aid Office for an application.

State Aid

State Aid is distributed to students who meet the eligibility criteria as described in the specific State Aid program requirements. Students should visit the Financial Aid Office for additional information on State Aid programs available to students.

Scholarships

Colleges may offer various types of scholarships to students enrolled in specific programs of study, having met specific academic standards, etc. The number of scholarship recipients varies from year to year depending on the funding available and the number of eligible applicants. For additional information on available scholarships, students are encouraged to visit/contact the Financial Aid Office.

Students are also encouraged to visit their library or research on the Internet as a source for additional scholarship programs.

Distribution and Disbursement of Federal Financial Aid

Financial aid is awarded based on an academic year. The disbursement of aid varies by the type of assistance.

The Federal Pell Grant and Federal Supplemental Educational Opportunity Grant, for those who qualify, is credited to the student's account twice during the academic year – once at the beginning and once at the mid-point of the academic year, as measured in credits earned and weeks attended.

In order to receive federal loan proceeds, the student (parent in the case of PLUS loans) must complete and sign a valid promissory note. A second disbursement of loan funds for the academic year is made after the student has completed half of their academic workload for the academic year and reached the calendar midpoint. Once tuition and fees charged by the institution have been met, the student may receive the excess amount of federal student aid that creates a credit on the account. A first year, first time borrower's account will not be credited with Stafford Loans until 30 days after their first day of class and completed a Loan Entrance Interview.

Statement Regarding Credit Balances

A “Statement of Credit Balances” is provided to students by the Financial Aid Office during the Financial Aid process. Students and parents (of a dependent student applying for PLUS loans) review the statement, select the appropriate authorization category, and provide the signed form to the Financial Aid Office. The authorization categories available for student/parent selection are as follows:

- Based on student’s authorization, the institution will retain any existing credit balance on the account to be applied to allowable future charges to assist students in managing those funds or to be disbursed at their request.
- In the event that funds are not requested prior to leaving the institution, the institution will return the credit balance to the lender as prepayment of the student loan.

Federal Work-Study Employment

The Federal Work-Study (FWS) Program provides jobs to students to assist them in meeting their educational expenses. To qualify for Federal Work-Study Program funds, the student must meet the eligibility requirements for Federal Student Aid. The amount of FWS for which a student is eligible depends upon:

- Degree of demonstrated financial need
- Availability of FWS funds at the school
- Availability of jobs and scheduling that do not conflict with the student’s class schedule

Federal Work-Study jobs may be located on or off campus. Mayfield College may set the work schedule. The Financial Aid Office will take into consideration need, class schedule, health, and academic progress prior to arranging a job and assigning work hours. Mayfield College will inform the student of the terms and condition of employment that is part of your financial aid package.

Students will be paid on an hourly basis. They are paid at least the current federal minimum wage and at least once a month.

If FWS is part of the student’s aid package, the student will receive notification via the Job Description and other notification which lists the amount of the award scheduled for the student.

Terms and Conditions as it Pertains to Federal Loans

The student loan program offers students may different repayment options. Students are responsible for selecting the appropriate payment plan to suit their needs. The Financial Aid Office is available to review the different repayment options.

Prevention of Financial Aid/Scholarship Fraud

Every year, millions of high school graduates seek creative ways to finance the markedly rising costs of a college education. In the process, they sometimes fall prey to scholarship and financial aid scams. On November 5, 2000, Congress passed the College Scholarship Fraud Prevention Act of 2000 (CSFPA). The CSFPA enhances protection against fraud in student financial assistance by establishing stricter sentencing guidelines for criminal financial aid fraud. It also charged the U.S. Department of Education, working in conjunction with the Federal Trade Commission (FTC), with implementing national awareness activities, including a scholarship fraud awareness site on the ED web site.

According to the FTC, perpetrators of financial aid fraud often use these telltale lines:

- The scholarship is guaranteed or your money back.
- You can't get this information anywhere else.
- I just need your credit card or bank account number to hold this scholarship.
- We'll do all the work.
- The scholarship will cost some money.
- You've been selected by a 'national foundation' to receive a scholarship' or 'You're a finalist,' in a contest you never entered.

To file a complaint, or for free information, students or parents should call 1.877.FTC.HELP (1.877.382.4357) or visit: www.ftc.gov/scholarshipscams
